SUPPLEMENTARY INFORMATION:

I. Abstract

This request is for extension of a currently approved information collection.

The Alaska Commercial Operator's Annual Report (COAR) is a report that collects harvest and production information broken out by specific criteria such as gear type, area, delivery and product type, and pounds and value. The COAR is due by April 1 of the year following any buying or processing activity.

Any person or company who received a Fisheries Business License from the Alaska Department of Revenue and an Intent to Operate Permit by Alaska Department of Fish and Game (ADF&G) is required to annually submit the COAR to the State of Alaska, Alaska Department of Fish and Game (ADF&G), under Alaska Administrative Code (AAC), chapter 5 AAC 39.130. In addition, any person or company who receives an Exclusive Economic Zone (EEZ)-only permit from ADF&G annually must submit a COAR to ADF&G. Any owner of a catcher/processor or mothership with a Federal permit operating in the EEZ off Alaska is required to annually submit a COAR to ADF&G under 50 CFR part 679.5(p).

The COAR provides information on ex-vessel and first wholesale values for statewide fish and shellfish products. Containing information from shoreside processors, stationary floating processors, motherships, and catcher/processors, this data collection yields equivalent annual product value information for all respective processing sectors and provides a consistent

time series according to which groundfish resources may be managed more efficiently.

II. Method of Collection

The method of submittal is completion of a fillable file of the COAR onscreen or completion of a paper form and mailed.
